made of properly tempered steel! Last long in any ink! Use these pens and you will write more easy and legibly. There is a difference between these and others! You will find by comparison. We give them away! Started to do it last month and only have a few left. Don't be afraid to ask for them. Send us your name and address to day. But don't forget we sell Stamps and Philatelic Supplies and a small order with your demand will be appreciated. That is the reason we make these quotations on the edge of this card.

*as well as your Report*  
And by the way, are you interested in Foreign Catalogues? if so, order Stanley Gibbons, Kolhs, Sanfs, Gelli & Varie or Scotts at 70c. each post free.
